Ways of Making Preschool Education and Childcare Services Free

There are different ways of making preschool education and childcare services free of charge, depending on the facility or services you use. Please refer to page 14 for details.

Parents/Guardians request reimbursement.

One way is for parents/guardians to pay the full amount of childcare fee to the facility and get it reimbursed (refunded) at a later date from Tsukuba City. Parents/Guardians are **required to request a refund.**

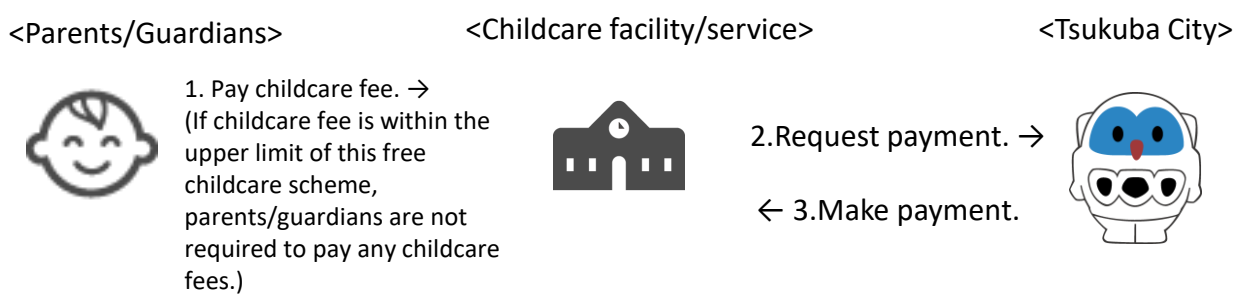

How it works:

Tsukuba City makes payments directly to facilities/services.

The other way is for facilities to accept childcare fees from the City. Parents/Guardians are **not required to request a refund.**

How it works:

Ways of Making Preschool Education and Childcare Services Free

Fees for extended childcare services at kindergartens and centers for early childhood education and care

Fees for childcare services at unlicensed nurseries

Fees for temporary childcare services

Fees for childcare services for unwell children

Fees for family support center services

Parents/Guardians request reimbursement.

Monthly childcare fees at kindergartens and centers for early childhood education and care (Excluding fees for extended childcare services)

Monthly childcare fees at licensed daycare centers and municipal-level (small-scale) childcare services

Tsukuba City makes payments to facilities and services.

When to request reimbursement

Reimbursement can be requested every 3 months.

Reimbursement details will be updated in Tsukuba City's newsletter, "CITY NEWS TSUKUBA", as well as the City's official website.

The following documents issued by the facility/service you use **will be required when you request reimbursement**, so please be extra careful not to lose them.

- Receipt of payment to childcare facility/service
- Certificate of providing specific support for children and parenting
(特定子ども・子育て支援提供証明書)
- Activity report (Required to submit only if you use services run by family support centers.)
(活動報告書)

Q&A

If one of the parents is working, is “the necessity of childcare” certified ?

Each should meet the requirements on Page 9 and 10.

What kind of guardian households are considered to be tax-exempt?

Households that are exempted from municipal residence tax based on their annual income. Those who pay the tax by the statement of payment or whose taxes are deducted from their salary are not applicable.

How can I receive the refund of the daycare fees I have paid?

Please submit the invoice specified by the municipality along with the receipts issued by the eligible facilities. Tsukuba City has set an application period every 3 months. We will inform the details on the Tsukuba City’s website and at the facilities.
